

ACKNOWLEDGEMENTS

The development of these Rules, Regulations and Standards is the result of a cooperative effort among various state, local and federal agencies and many professional organizations, businesses, and individual water well contractors, drillers, engineers, and hydrologists.

Special recognition is made to the following:

Advisory Committee for the Regulation and Control of Water Well Contractors (Drillers)

Capital Area Ground Water Conservation Commission

Louisiana Department of Health and Human Resources,
Office of the Secretary
Office of Preventive and Public Health Services

Louisiana Department of Environmental Quality,
Office of Solid and Hazardous Waste

Louisiana Association of Business and Industry

Louisiana Engineering Society

Louisiana Farm Bureau Federation, Inc.

Louisiana Municipal Association

Louisiana State University,
Institute for Environmental Studies

Louisiana Water Well Association

Mid-Continent Oil and Gas Association

National Water Well Association

U.S. Army, Corps of Engineers,
New Orleans District

U.S. Geological Survey,
Water Resources Division - Louisiana District

The author wishes to express its appreciation to all who advised in the preparation and review of this document. Special thanks to the following individuals who offered many constructive comments and suggestions:

Willie Arceneaux

Stamm-Scheele, Inc.

The development of this document would not have been possible without the active support, assistance and advice of the following individuals:

Donald E. Dees	Westro Water Well Co., Inc.
A. N. Turcan	Environmental Consultant
Clyde E. Carlson	Dept. of Transportation & Development

The author gratefully acknowledges the assistance of Carol L. Jones and especially Patty McMullen, whose clerical expertise proved to be invaluable in assembling and compiling this document.
